# Value-Add Services

*We Put It All Together!*

Wesgarde's Value-Add Division supports our sales professionals by providing the technical expertise required to meet a customer's unique requirements. We pride ourselves on our commitment to quality, low minimum-order quantities and quick turnaround. From sophisticated vendor-managed inventory programs to light manufacturing jobs to engineering support, Wesgarde's Value-Add programs are your company's logistical and engineering solutions.

Turn to Wesgarde when just-in-time (JIT) just isn't good enough anymore. We routinely work with both ends of the supply chain to help OEMs maintain optimal inventory levels of the critical electrical components they need. Not only does Wesgarde's VMI capabilities streamline and simplify the ordering process for customers, it also frees up both financial and human resources to help improve their bottom line.
